EUROPEAN-INSPIRED SPORTSWEAR from Kanabeach

European style has the natural ability to be effortlessly cool with just the right amount of edge, so it's no wonder we're excited for Kanabeach to finally bring their always-innovative French fashion line to the States! At the crossroads of surf wear, street culture and fashion, Kanabeach's three lines are aimed to satisfy young adults with an active lifestyle and flair for creativity. Biologik is perfect for the eco-conscious, where comfort of natural materials is strongly highlighted. Each item from this line is made of at least 55 percent hemp or natural fiber blends! Kanabeach's Circus line, named for its strong use of color and geometric prints, is made of easily wearable materials to support an active and creative lifestyle. Its light summer dresses are perfect for the beach or evening cocktails. And, last but not least, channel the 60s with Kanabeach's Elegant line, which emphasizes interesting psychedelic prints sure to get you noticed on those hot summer nights. The designs are a modern and refreshing addition to the So Cal girl's carefree fashion arsenal. With such a wide range to choose from, you'll be well-equipped to comfortably stray away from the mainstream and shine above the rest! kanabeachusa.com
