### Eva Longoria Style: Prada Pitone Frame Bag

Filed under: [CELEBRITY STYLE](#), [PRADA BAGS](#)

The newly weds **Eva Longoria and Tony Parker** have been seen around the world, with Starbucks cup in hand. Tony prefers jeans and a tee shirt, while Eva sports her Starbucks cup along with a chic outfit and handbag. **Eva Longoria** must love her **Prada Pitone Frame Bag** because she has been seen sporting this python bag all around the world. This Prada bag sports exotic python, braided handles, and a frame top. I absolutely love the braided handle detailing. Dimensions are 12 4/5"H x 16 4/5"W x 5 4/5"D. I would have expected this handbag to run around \$4k, but somehow, I find it oddly affordable for what you get. That being the Prada name and exotic python. Buy via [Neiman Marcus for \\$2620](#).

More pics of the newly weds below!
